V1

We can spend seven hours shopping at the mall  
have the greatest time together doing nothing at all  
we can bring it home, we can fry it up  
slip into something, get in the mood for love  
we love to dance and sing off key  
ooo baby it's a girl thing

V2

We can be your lover, honey, we can be your friend  
fight for anything we want to the very end  
we can work all day then rock our babies to sleep  
know our sisters' secrets and never make a peep  
take it to the limit and still seem sweet  
ooo baby it's a girl thing

CH

Man don't understand, it's a girl thing  
if ya got your hands on a wild thing  
you better treat her like a lady make her feel like a  
queen  
show her that you love her if you know what I mean  
ooo baby it's a girl thing

V3

We can drive a mustang we can drive a minivan  
we can make a living with our own two hands  
we can put it on, we can take it off  
doctor, teacher, lover, mother right around the clock  
it doesn't really matter, honey, tell me what you need  
ooo baby it's a girl thing

CH

Man don't understand, it's a girl thing  
if ya got your hands on a wild thing  
you better treat her like a lady make her feel like a  
queen  
show her that you love her if you know what I mean  
ooo baby it's a girl thing
