This marks the return of a threat
that we should have never taken back:
To live our lives with unwavering intent
and in the spirit of a new romance.
Growing up in an age where monotony reigns...
it's so easy to keep your heart and mind locked away.
And it's up to you to rise up...
to break away.

We've got no more time to spend
spitting ugly words at our vicious circles from within.
The time has come to adapt and reinvent.
Let yourself go.
Come unhinged.
Claws out... stuck in a place where you don't fit.
Focus or Fold....
no more sitting on the fence.
Today is the day we face ourselves and forgive,
because the world won't wait while we fail to make
amends.

Late Night Adventure.
Reckless Abandonment.
We're going to live our lives like it's our last chance.
Revenge: We're taking back what they stole.
Prepare your soul!
