Tongue tip tied to the roof of my mouth
Bad naughty little angels come rushin' out
(Tongue tip tied to the roof of my mouth)
Bad naughty little angels come rushin' out
I guess you guessed that I'd catch hell
I just caught a cold but now I'm feelin' well
(I guess you guessed that I'd catch hell)
I just caught a cold but now I'm feelin well

Well I don't know but I've been told
You never die and you never grow old
(Well I don't know but I've been told)
You never die and you'll never grow old

You said, "I hope you live forever"
Don't you wish that on me, you said, "Don't be clever"
(You said, "I hope you live forever")
Don't you wish that on me, you said, "Don't be clever"

It looked like we were photographed
At gun point so I had to laugh
(It looked like we were photographed)
At gun point so I had to laugh, ha, ha
I don't know but I've been told
You never die and you never grow old
(I don't know but I've been told)
You never die and you'll never grow old

It's the big show, oh, it's the big show
Three inch horses watching them drown
In the tar pits, kneelin' down
They see us talkin' out both sides of our mouths
Two faced monsters

It's the big show, oh, it's the big show
Three inch horses watching them drown
In the tar pits, kneelin' down
They see us talkin' out both sides of our mouths
Two faced monsters, oh
