Yeah, yes, yes

Have I told ya, have I told ya, have I told ya, have I told ya

You could really get it on? You could really get it on?

Have I told ya, have I told ya, have I told ya, have I told ya

You could really get it on? You could really get it on?

I was at an all night diner the sign said, "Triple X"

But they were talking about root beer

I'm just sitting down thinking about nothing

Looking at the thin air breathing up the oxygen

Have I told ya, have I told ya

You could really get it on? You could really get it on?

A guy comes up looking pretty 8-ball

Snaggletooth smile sits down at my table

Puts his arm around me starts to share his information

He said he said he said, he said he said he said

He said he said he said he said, he said he said

He said, this is what he said

"I have sex, I'm always thinking about the pavement

So I can avoid premature ejaculation"

I got up remembering to thank him

Better things to do so I'll start drinking

Have I told ya, have I told ya, have I told ya, have I told ya

You could really get it on? You could really get it on?

Yeah

Have I told ya, have I told ya, have I told ya, have I told ya

You could really get it on? You could really get it on?

I'm in Tahoka now I'm gonna hook up

With the parties unfortunately always

No one has any ideas, damn!

Have I told ya, have I told ya, have I told ya, have I told

ya

You could really get it on? You could really get it on?
