Well all the apostles  
They're sitting in swings  
And I'd sell off my savior  
For a set of new rings  
And some sandles  
With the style of straps that cling best to the era  
So all of the businessers  
And unlimited kill  
Where they buy and they sell  
And they sell all their  
Trash to each other  
But they're sick of it all  
And they're bankrupt on selling  
And all of the angels  
They'd sell off yer soul  
For a set of new wings and anything gold  
They remember  
The people they loved their old friends  
And I've seen through'em all  
Seen through'em all  
And seen through most everything  
All the people you knew were the actors  
All the people you knew were the actors  
Well, I'll go to college  
And I'll learn some big words  
And I'll talk real loud  
Goddamn right I'll be heard  
You'll remember the guys  
That said all those big words  
They must've learned in college  
And it took a long time  
But I came clean with myself  
I come clean out of love with my lover  
I still love her  
Loved her more when she used to be sober and i was  
kinder
