So you spilled every last penny into the car
And it still won't take you where you want to go
So you spilled every last penny into the car
And it still won't take you very far at all

So you spilled every last penny into the car
And it still won't even barely leave your home
So you spilled every last penny into the car
And it still won't take you where you need to go

So you spilled every last penny into the car
And it still won't even barely leave your home
So you spilled every last penny into the car
And it still won't take you anywhere at all
