Of part and parcel,
So well we're already dead,
Well it's probably been said,
That it's always been said,
That,

One wing isn't even enough,
It isn't even enough,
It isn't even enough,
It isn't even enough,
To leave,

One wing isn't even enough,
It wasn't even enough,
It wasn't even enough,
It wasn't even enough,
To leave,
(HAHAHA HAAA HAAA HA)

I'm gonna' shake myself right out the door,
I'm gonna' take myself when it's finally over,
I'm gonna' let my own bad self take over,
I'm gonna' move my arm out with my shoulder,
And

One wing wasn't even enough,
It wasn't even enough,
It wasn't even enough,
It wasn't even enough,
To leave,

One wing wasn't even enough,
It wasn't even enough,
It wasn't even enough,
It wasn't even enough,
To leave,

One wing wasn't even enough,
It wasn't even enough,
It wasn't even enough,
It wasn't even enough,
To leave,

First off Gary was on trial and drunk before we left bed,
As things got better was it hard to say that he had no
idea,

Well I hadn't noticed but the people really noticed that
they really didn't want us around,
So we all just opened up our mouths and walked to
this town,
Well I was walking just a little bit sideways and you
were walking sideways too,
Well I hadn't learned when a front door can be used,
Here it goes now...

We had darkened doors so we didn't read what the
sign read
Though simple enough it was to me really tough the
ground needs to be fed,
Well I hadn't noticed but the people really noticed that
they didn't really want us around,
So not a single one of us will ever leave town,
Here we go sir...

Our bodies were laid out,
They were laid for fifteen yards,
Well two feet above each of our heads was a fly
trapped in a jar,
Well I hadn't noticed but the people really noticed that
they really didn't want us around,
So every single one of us hit the ground,
HERE WE GO NOW...

One wing wasn't even uhh,
One wing wasn't even enough,

Oh pardon pardon,
So well it's already been said,
That it's always been said that
We're already dead
