I fell in love and  
I needed a roadmap  
To find out where you lived  
So excited now

Sleepwalking, cuz I'm sleepwalking

The white trash boys  
Listen to the headphones  
Blasting white noise  
In the convenience store parking lot  
I hung around there  
Wasting my time  
Hoping you'll stop by

Cuz I'm sleepwalking, I'm sleepwalking

A mutual friend's parents  
Left town for a week  
So we raided their liquor stash  
And walked down to the riverside  
Sleepwalking, cuz I'm sleepwalking
