We were spitting venom  
At most everyone we know  
If the damned gave us a road map  
Then we'd know just where to go

Now let it drop  
Let it all drop  
Let it all drop  
Oh, let it all fall off

Well you were talking soda pop  
You were talking quite a lot  
The opinions that I do not give  
The opinions I ain't got

So let it drop  
Let it all drop  
Let it all drop  
Let it all fall off there, oh

Well, you were spitting venom  
At most everyone you know  
If you truly knew the gravity  
You'd know which way to go

Well, let it drop  
Let it all drop  
Let it all drop  
Oh, let it all fall off

My ears were bristled firmly  
Right against your mouth to hear  
When you tried to spit the venom out  
Your words were not so clear, now drop

Hold on to what you need  
We've got a knack for fucked up history  
Hold on to what you need  
We've got a knack for messed up history

Well, we went downtown  
And we sat in the rain

Well, looking all direction and waiting for a train  
Thought over, it's all over

I didn't know you kept track  
I didn't know there was a score  
Well, it looks like your the winner and I ain't gonna play  
no more  
It's over, game over  
Well, we walked real stiff and I came inside the ground  
You hit me with yours  
And said 'Pull yourself together'  
It's over, oh, it's over

You can say what you want but don't act like you care  
It takes more than one person  
To decide what's fair  
It's over, think it over

You were spitting venom  
At most everyone you know  
If the damned gave you a road map  
Then you'd know just were to go

So we carried all the groceries in  
While hauling out the trash  
And if this doesn't make us motionless  
I do not know what can is to be said

What a rotten thing to say  
Such an awful thing to say  
I didn't mean to bite you so really  
What always did, what always did, what always had to  
sling

So let it drop  
Let it all drop  
Let it all drop  
Oh, let it all fall off

Let it drop  
Let it all drop  
Let it drop  
Oh, let it all fall off

Cheer up baby  
It wasn't always quite so bad  
For every venom then that came out  
The antidote was had

Cheer up baby  
It wasn't always quite so bad

For every venom then that came out  
The antidote was had

Cheer up baby  
It wasn't always quite so bad  
For every venom then that came out  
The antidote was had
