Well alls not well
But Im told that it'll all be quite nice
Youll be drowned in boots like mafia
But your feet will still float like christs
And I'll be damned
They were right
Im drowning upside down
My feet afloat like christs
Im in heaven
Trying to figure out which stack
They're going to stuff atheists into
And peter and his monkey laugh
And I laugh with them
Im not sure what at
Well keep you in the back
Polishing halos, baking manna and gas
Well some guy comes in looking a bit like everyone I
ever seen
He moves just like crisco disco
Breath 100% listerine
He says looking at something else
But directing everything to me
Ever time anyone gets on their knees to pray
Well it makes my telephone ring
And I'll be damned
He said you were right
No ones running this whole thing
He had a theory too
He said that God takes care of himself
And you of you
Its all nice on ice alright
And it's not day
And it's not night
But it's all nice on ice alright
