I saw her at the club she was with some friends
Getting hit on by a lot of men
I took a shot of patrone then I went for my chance (she
diped it low)
When I took her hands and we started to dance
She started smiling we was wiling
Her steletoos where shining
I wispered in her ear what's you name
Kanyes on can't hear a thang
Nodded my head threw a smirk
Her friends where like who da jerk
I didn't even care neither did she
She came with them but left with me

Then she let me smash
Busted in half
She made me pop like a bouble in bath
She let me smash
Boom boom bam
She took my guap like uncle sam
She let me smash me smash
Me smash
She let me smash (ayy) me smash (ayy)
Me smash

The next day she woke up on my bed
Put on your gucci get ready that's what I said
Ima take you to eat someplace nice (when yu wit moe)
Order what you want don't worr bout the price
Calamari extra roast
Shawty she sat extra close
Then she said mi amore airsto
I replied back I feel the same about you
Finger in the air I said check please
Hoped back in da mercedese
She wanted me to drive back to my crib
So that's exactly what I did

Then she let me smash
Busted in half
She made me pop like a bouble in bath
She let me smash

Boom boom bam
She took my guap like uncle sam
She let me smash me smash
Me smash
She let me smash (ayy) me smash (ayy)
Me smash
