Everyday
You hear them say
Watch out for him
He's not a friend (girlfriend)

I'd walk a thousand miles
Just to see you smile
But because I sing
Your friends say I'm lying

They say that I'm a player
Just another heart breaker
They say that I'm a liar
But love is my only desire

I know that you
Are so confused
Do you play it smart
Or follow your heart

I'd walk a thousand miles
Just to see you smile
But just because I sing
Your friends say I'm lying

They say that I'm a player
Just another heart breaker
They say that I'm a liar
But love is my only desire

Micky jimmy cutie puppies I need you to love me
Cum bite play fight me then baby girl you can fuck me
Don't listen to the fiction I'm not a politician
I'm just a kid in love
I got geicko I don't hit and run

They say that I'm a player
Just another heart breaker
They say that I'm a liar
But love is my only desire
