"In & Out"

Stepped in and stepped out
And left a hundred drooling mouths with
Sweetness imagined
Yet so seldom tasted
Broke up and broke down
And left it hanging unfulfilled with
Ecstasy in mind
But it's so hard to find
Tried so hard but I
Just can't seem to get inside
I'm in and out again
And on my way
Mensches and mercers
And inner city workers
All dance to your drum
Yet so seldom touch you
Soak up the dim light
And fade right into daylight
Ears ringing from the voice
But no one beside
Tried so hard but I
Just can't seem to get inside
I'm in and out again
And on my way
Stepped in and stepped out
And left a hundred
Drooling mouths with
Sweetness imagined
Yet so seldom tasted
Broke up and broke down
And left it hanging unfulfilled
Tried so hard but I
Just can't seem to get inside
I'm in and out again
And on my way
