"Fear"

Don't ask me
What's on my mind
Unless you really want
To know
Talk of fear...
The killing kind
Never been the one
To let it show
Fear is talking
Always talking
I can't hear hear a word
When I get angry
At what I feel
I never let it get too real
Means so much
To someone with expectations
There's never enough
Means so much
And it's too tempting
To listen
Fear is talking
Always talking
I can't hear hear a word
When I get angry
At what I feel
I never let it get too real
You could talk faster
And run out of time
And here's just never enough
Anger keeps burning it up
Fear is talking
Always talking
I can't hear hear a word
When I get angry
At what I feel
I never let it get too real
