The path is paved  
With past mistakes  
The faceless dance  
On the dead in the way  
My heart beats like  
A lonely voice  
My head is full of noise  
If I had any sense  
Of where to go  
I'd give up leading  
And I'd follow  
My heart beats like  
A lonely voice  
My head is full of noise  
I hear the teenage laughter  
Of a cruel little girl  
And a conscience  
That I can't control  
A million voices  
Trying to be heard  
I can't decipher  
A single word  
My heart beats like  
A lonely voice  
My head is full of noise  
The bones and bodies  
Underfoot all shattered  
By the time it takes  
Still haunting  
Waiting on the wind  
They call  
And no one hears  
I hear the teenage laughter  
Of a cruel little girl  
And a conscience  
That I can't control  
A million voices  
Trying to be heard  
I can't decipher  
A single word  
My heart beats like  
A lonely voice

My head is full of noise  
I hear the scuffle  
And I feel every punch  
I hear I hear  
Altogether too much  
My heart beats like  
A lonely voice  
My head is full of noise
