First you're a sinner
Then you're a sinner
Always a loser
Can't seem to get it
Would you like to be
What you could never be?
The right hand of God
First you're a saviour
Now starnger and stranger
Such evil lies
Away in a manger
Would you like to be
What you could never be?
The right hand of God
Would you like to be
What you could never be?
The right hand of God
First you're a sinner
Then you're a sinner
Always a loser
Can't seem to get it
Would you like to be
What you could never be?
The right hand of God
Would you like to be
What you could never be?
The right hand of God
