I took a long hard look
And turned my head
I took a long hard listen
To everything said
Every question has to answers
One for me
And one for you
These are the sadistic years
So pour me another
These are the sadistic years
And the beat still goes on
Don't give me that
Strange look
Enter my head if you want to see something
Look straight ahead
Every question has to answers
One for me
And one for you
These are the sadistic years
So pour me another
These are the sadistic years
So pour me another
But the beat still goes on
But the beat still goes on
And on and on and on
These are the sadistic years
These are the sadistic years
So pour me another and
Another and another and another
To wash the grays of days away
And another
To wash the grays of days away
