Look in my eyes and let the moment begin  
You make me feel like I can do anything  
One look from you just sends my troubles away  
What I would do, to be with you

Chorus

Don't walk away  
Why don't you stay  
I've been waiting for somebody like you  
Please don't walk away  
Why won't you say  
That you're ready and you're feelin' it too  
Cause if it's love...  
If it's love...  
Then don't walk away

I wanna show you I've got nothing to hide  
Don't be afraid of what you're feeling inside  
Deep in my heart there is nobody but you  
What I would do, to be with you

Chorus
