Watch her walking through the night,
I never could forget that lonely sight.
She blew me off like a hurricane,
I never knew that love was strange.

Oooh, where did she go?
Oooh, I just don't know.
Oooh, why did she go?
Oooh, I'll never know.

Life goes on but still I'm lost.
Its like getting fired when your the boss.
Life was great when you were here,

I spend my time fighting back the tears.

Oooh, where did she go?
Oooh, I just don't know.
Oooh, why did she go?
Oooh, I'll never know.

Oooh, where did she go?
Oooh, I just don't know.
Oooh, why did she go?
Oooh, I'll never know.

Oooh, where did she go?
Oooh, I just don't know.
Oooh, why did she go?
Oooh, I'll never know.
