Searched this world all over for that one special girl
Who was lookin for love not diamonds or pearls
From outta nowhere you entered into my life like a ray
of sunshine so warm and bright
Touched my heart all over in a very special way
I'll never forget that moment how it carried me away
The time that we shared clings to my heart
I knew it was love right from the start
I'll love you forever forever and more
For all that you gave me
Its you I adore
I'll love you forever forever and more
Forever and ever forever and more
Things of time have changed you drifted away
But you left me with somethin to cherish each day
A passion for life the courage to be strong the will to
succeed and a sense I belong
I'll love you forever forever and more
For all that you gave me
Its you I adore
I'll love you forever forever and more
Forever and ever
Forever and more
I'll love you forever forever and more
For all that you gave me
Its you I adore
I'll love you forever forever and more
Forever and ever
Forever and more
