My kicks look like lamborginies

Verse1:

Ask my stylist I am stylish
Google in mogz & it will show you what style is
Ask any artist this is what I was made for
Catch me grinding on my louis vutton skateboard

In my lungs I carry propane
Anything to spark off & I throw flame
Catch me in something foreign like soul plane
Who you, in my presence they call u no name

Everytime I'm on stage they want more
Wit my crew posted cool like we on tour
And all the hot girls wanna encore
And them hating kids wanna fight
But we want war

Earthling out this world like uranus
Living lavish is the goal
Not bein famous
I cud care less BUT they kno who my name is
MOGZ picture perfect I am bigger then the frame is
