save
save me from this
wandered around the town
all the thousand things
i might miss
and you
think well suffer much
think well close our eyes
just to see the light
pass us by
with tomorrow coming
hope that i dont
let you down again
said im so glad to be here
does it mean a thing
if only i could breathe what you breathe
if only i could see what you see
sit
well take our time
watching the flowers grow
all the friends we've known say
goodbye
and you
did you suffer much
did you close your eyes
just to see the night
rush on by
gathered all around you
hope that we don't
let you down again
i said im so glad to be here
does it mean a thing
if only i could breathe what you breathe
if only i could see what you see
said im so glad to be here
does it mean a thing
if only i could breathe what you breathe
if only i could see what you see
if only i could just believe a thing
