So he dies and I'm the joke
A playdoh mask a million miles to go
A suped up cock tease with a little twist
When sex got ugly I'd insist
Hear youve taken all I've got
Fuckings over but I can't stop cumming
Still born dead or never born at all
When jesus was my girl
She told me
When jesus was my girl
Its impossible for me
Harder even if I turn it over
Im not as pretty as I thought I'd be
Another symptom of my damn disease
Hear you've taken all I've got
Fuckings over but I just keep cumming
Still born dead or never born at all
When jesus was my girl
She told me
When jesus was my girl
Im not as pretty as I thought I'd be
Another symptom of my damn disease
