I can't see I can't hear  
I think you are close to me  
I feel something I feel you in the chaos  
I think you are close to me  
Hikari ni tsutsumarete-iru watashi o anata wa miteiru  
Shinkirou no youna sono kage wa dare mo kizuku koto  
wa nai  
Share this world with you again  
In the whirlpool of delight and sense  
Tomo ni butai o  
Kono uta wa anata no tame ni sasageru...  
Break a spell, now return to the sky  
As time goes by, meet again by destiny  
Mou ichido onaji sekai de  
Break a spell, now return to the sky  
As time goes by, meet again by destiny  
Kanki no uzu ni tsutsumarete  
Anata wa kodoku no naka watashi ni te o sashinobete-  
iru  
Watashi wa mieru anata ga kono kyoku to tomo ni  
Now return to the sky  
As time goes by, meet again by destiny  
Mou ichido onaji sekai de  
Break a spell, now return to the sky  
As time goes by, meet again by destiny  
Hikari no uzu ni tsutsumarete  
Now return to the sky No phobia  
Kanki no koe ga yonde-iru  
The only way to get away from loneliness is to love it  
I remember with beloved tune  
The unfinished stage is still shining
