I'm burning up it's 40 plus in the shade  
Hand me a shovel cos I'm digging a grave  
I'm going to bury that shell on the door  
The door flew the coop and went to heaven above  
And when I'm gone I'm gonna write you a letter  
Of anything but love

I heard you scratching at the flyscreen door  
Those wounds ain't gonna heal if you keep on picking  
them sores  
You blame the symptoms but you know what's the  
cause  
It's anything but love

I walked so far I wore a hole in my boots  
I wear this here old vest as though it was bullet proof  
You keep on running trying to hide from the truth  
It's anything but love

(Whistling)

Dear, dear dear dear dear  
Dear dear dear dear, dear dear dear dear  
Dear darlin'  
It's been so long, it's been so long since you wrote  
Dear, dear dear dear dear dear, dear  
Dear darlin'

I mighta left ya, but I left ya a note  
It's been so long since you called  
I tried to visit but my car don't start  
Dear darlin'

You give your heart and then you get the reward  
Of anything but, of anything but, of anything but  
Love, love, love, love

Of anything but, of anything but,  
Of anything but love
