When I look out into your eyes out there
When I look out into your faces
You know what I see?
I see a little bit of Elvis

In each and every one of you out there
Lemme tell ya, well

Elvis is everywhere
Elvis is everything
Elvis is everybody
Elvis is still the King

Man, O, man
What I want you to see
Is that the big E's
Inside of you and me, yeah

Elvis is everywhere, man
He's in everything
He's in everybody
Elvis is in your jeans

He's in your cheeseburgers
Elvis is in Nutty Buddies
Elvis is in your mom
He's in everybody

He's in the young, the old
The fat, the skinny
The white, the black
The brown and the blue
People got Elvis in 'em too

Elvis is in everybody out there
Everybody's got Elvis in them
Everybody except one person that is
Yeah, one person

The evil opposite of Elvis
The Anti-Elvis
Anti-Elvis got no Elvis in 'em

Lemme tell ya
Michael J. Fox has no Elvis in him

Yeah, and Elvis is in Joan Rivers
But he's trying to get out, man
He's trying to get out
Listen up Joanie Baby

Elvis is everywhere
Elvis is everything
Elvis is everybody
Elvis is still the King

Man, O, man
What I want you to see
Is that the big E's
Inside of you and me

Man, there's a lot of unexplained phenomenon
Out there in the world.
Lot of things people say
What the heck's going on?
Let me tell ya

Who built the pyramids?
Elvis
Who built Stonehenge?
Elvis

Yeah, man you see guys
Walking down the street
Pushing shopping carts
And you think they're talking to Allah

They're talking to themselves, man
No they're talking to Elvis, Elvis, Elvis
You know what's going on in that Bermuda Triangle?
Down the Bermuda Triangle

Elvis needs boats
Elvis needs boats
Elvis, Elvis, Elvis
Elvis, Elvis, Elvis
Elvis needs boats

Aah, the Sailing Elvis
Captain Elvis
Commodore Elvis it is

Yeah man, you know people from outer space
People from outer space they come up to me

They don't look like like Doctor Spock
They don't look like Klingons all that Star Trek jive
They look like Elvis, Elvis

Everybody in outer space looks like Elvis
'Cause Elvis is a perfect being
We are all moving in perfect peace and harmony
towards Elvisness
Soon all will become Elvis

Everything, everywhere will be Elvis
Why do you think they call it evolution anyway?
It's really Elvislution, Elvislution

Elvis is everywhere
Elvis is everything
Elvis is everybody
Elvis is still the King

Man, O, man
What I want you to see
Is that the big E's
Inside of you and me

That's right, ladies and gentlemen
The time has come
Time has come to talk
To that little bit of Elvis inside of you

Talk to it, call it up
Say "Elvis, heal me"
Save me, Elvis
Make me be born again
In the perfect Elvis light"
That's right

You've got that Elvis inside of ya
And he's talkin' to ya
He says he wants you to sing
Everybody's got to sing like the King

Like the King
Get that leg going now
Get your lip too
Not no fool Billy Idol lip either

Everybody
Yeah, we're rockin' now
Elvis is with us

He's with us and he's speaking to us

He says, "Peoples", he says, "Peoples"
Everybody, everybody got to sing"

Elvis is everywhere
Elvis is everything
Elvis is everybody
Elvis is still the King

Man, O, man
What I want you to see
Is that the big E's
Inside of you and me

Elvis is everywhere
Elvis is everything
Elvis is everybody
Elvis is still the King

Man, O, man
What I want you to see
Is that the big E's
Inside of you and me

Elvis
