I wanna have lot good stuff
I wanna have lot good stuff
I wanna live in my mystirious way
My future colour doesn't exist grey
I wanna show you my Genik world now
Come in my mind and you will find my land
You can tell your friend they can come
...and live into Genik

It's my world
Oh oh oh
It's my world
Oh oh oh

Welcome into my virtual vision
Here this no back feel just a good life
You living in the confusion illusion
You fly away with me all day all night
I wanna show you my Genik world now
Come in my mind and you will find my land
You can tell your friend they can come
...and live into Genik

It's my world
Oh oh oh
It's my world
Oh oh oh
