Ugh-huh
ES got the flow, in case you didn't know
I'm bout to rock the show, so here I go
Now Dance, shake your pants
Start to groove, bust the move
feel the bass, it's in your face
check the flow, it's good to go
here we go, make some noise
All the girls and all the boys, pump it up
I heard that you like it hard, and you like it rough
And you like it tough
Hey, pretty girl, let me rock your world
do your duty, wiggle that booty
You set my heart on fire, cause your my one and only
desire
You dress like a disco queen, in the 90's, disco scene
You put me in a trance, so come on everybody let's
dance

No matter where you are, or where you go
There's only one thing baby you should know
I love you cause you treat me like a king
Be my queen, with this ring. yea baby, you know what I
mean

Love in the air, everywhere, I wanna share
Feel the vibe, it's all good
You wanna leave? I think we should
So we can get to know eachother, late night
underneath the covers
By making the bed shake so hard, you think its an
earthquake
Hey prettygirl tell me what you feel, cause what I feel is
for real
Hurry-up, let me know the deal
Do i get my coat, or just chill?
Should we ride, or stay where you sit?
I wanna get my groove on for a little bit
I said cool, but what is this?she said relax, and gave
me a kiss

No matter where you are, or where you go
There's only one thing baby you should know
I love you cause you treat me like a king
Be my queen, with this ring. yea baby, you know what I
mean(x3)
