If things don't start picking up uh huh I'm gonna start
picking up things
Cause longer I sit here the matter I get here
It's true just await for you
So if things don't start picking up uh huh I'm gonna
start picking up things
[horns]
If things don't start picking up uh huh I'm gonna start
picking up things
If you know what to do now you better start to do now
It's true I'm waitin' on you
If things don't start picking up uh huh I'm gonna start
picking up things
[horns]
If things don't start picking up uh huh I'm gonna start
picking up things
If you're gonna bat boy then this is where it's at boy
It's true what you're gonna do
Oh if things don't start picking up uh huh I'm gonna
start picking up things
[horns]
