Here I lay all alone in the night
Beside myself tonight
So lonely which my words can't explain
Could it be I'm going mad
And tomorrow I will wake
All alone in this world
Reaching out for no one going back to the past

Chorus:
Where are you tonight my love
In the arms of another man
Where do I belong in your heart
Could it be I'm going mad
Repeat (1x)

I can't go on any longer
Not knowing where you are
Here today and gone tomorrow
Not knowing where you are
But I can't go on no more
'Cause my love for you was true
And you can't give it all to a guy who really cares

Chorus (2x)

Here I lay, waiting to be touched by your love
And tonight, you didn't even know

Chorus (2x)
