Wish I had a place where I could dweep
They say that I'm an isolated creep
Monday is queer
So sincere
Wish she was here
Monday is queer

What it shakes my knee
Here's a strange disease
Won't you help me please

Wish I had a place where I could dweep
They say that I'm an embryonic dweep
Monday is queer
So sincere
Wish she was here
Monday is queer

What it shakes my knee
Here's a strange disease
Won't you help me please
