Look at me, I'm in love  
Look at me, I'm in love

Look at me, I'm in love  
I finally found the right girl  
Someone that I can spend my life with  
Spend my nights with, share my life with

Look at me, I'm in love  
Look at me, look at me, I'm so happy  
Look at me, I'm in love

Look at me, I'm in love  
The preacher's saying she's my girl  
I'm saying, "I do" for the rest of my life  
And I think it's so nice she's gonna be my wife

Look at me, I'm in love  
Look at me, can't you see I'm beaming all over  
Look at me, I'm in love  
Love, I'm in love

Joy of love is in the air  
And love has blossomed around us, it's everywhere  
Oh, how happy you have made me  
Let's stay together until eternity, hey...

Look at me, I'm in love  
Look at me, look at me, can't you see I'm so happy  
Look at me, I'm in love  
Look at me

Look at me, I'm in love  
Can't you see, can't you see I'm so happy  
Look at me, I'm in love  
Ooh, I'm in love

Look at me, I'm in love
