"Girl Of My Dreams"

I'm sure there's something about the way you move
tonight

And I know you're out of sight
I know the halo around you is my life
And I know it feels so right

You don't know
And it kinda shows
You don't know
You're the girl of my dreams

I'm feeling funky cause the music is pulsing in my veins
And your hair is like the rains
I know you want to put your hand in my pocket
And together we'll beat this pain

When the rain comes pouring down
I'll lift you up when you're down
All this loving that we've found
I hope you keep me around

I'm hanging out sideways and I'm swinging on the
backbeat
With these funky folk that I meet
There's a party on the streets, we can't beat the heat
But still you're the only one around
