Smoke and hazy
Feeling lazy
The night is over
Iâ€™m going home

This cityâ€™s burning
Your future is turning
You're the best girl
I've ever known

Your eyes mimic
The northern skies
Do you have someone to hold you
When youâ€™re all alone?

Touching lightning
Is very frightening
Youâ€™re the best one
Iâ€™ve ever known

Standing shallow
Hiding in shadows
Am I lost?
Or am I stoned?

At least I tried
To see the sunrise
Now I'm lost
And Iâ€™m going home
