I don't even know you, but that's okay
I've got you on my mind, each and every day
I hide inside my room, to dispel this gloom
An illusion on the wall of a summer afternoon

You're a fallen angel, I want you to be mine
As the crispy winter mountains, I feel you all of the time
You've got a smile like the sunrise and beauty in your eyes
The light in your heart is like a million fireflies

Tomorrow divine, revolution on my mind
Tomorrow is mine, the planets will align
Tomorrow divine, and music so sublime
Tomorrow is mine, I want you all the time

I don't even know you, but your hair hangs down
You're dancing with headphones on, when no one's around
You're coastal ivory, you're airy and free
The freckles in your eyes shine with perfect memories

Tomorrow divine, revolution on my mind
Tomorrow is mine, the planets will align
Tomorrow divine, and music so sublime
Tomorrow is mine, I want you all the time

Do you mind if I kiss you, you think that'd be all right?
Would we fall in love if I went home with you tonight?
I don't even know you, but that's okay
You are like rainfall, the clouds cannot betray

Tomorrow divine, revolution on my mind
Tomorrow is mine, the planets will align
Tomorrow divine, and music so sublime
Tomorrow is mine, I want you all the time

Tomorrow divine, revolution on my mind
Tomorrow is mine, the planets will align
Tomorrow divine, and music so sublime
Tomorrow is mine, I want you all the time
