If you don't want me let me go
What is there to understand?
I would love to let you know
That my love is in your hands
I saw a bellhop at a hotel
And he looked just like an old rock star
He said with his eyes he tried to tell me
Without love you won't get very far
Without love you won't get very far
If you don't want me let me go
What is there to understand?
I would love to let you know
That my love is in your hands

I saw a lady at a bus stop
And she had thin air where her head used to be
She tried, oh, she tried to tell me
You can lose your head when you take yourself too seriously
When you take yourself too seriously
If you don't want me let me go
What is there to understand?
I would love to let you know
That my love is in your hands
That my love is in your hands
That my love is in your hands
