Love and its disciples
Are all aboard the train
There is no need for seatbelts
They'll never feel the pain
I need to get between the words and what they mean to
say
I'd like to get to know you but this love keeps getting in
the
way I feel about you
I never could explain
It's like the air around you
It's like a picture's frame
I'd like to get to know you but the words I heard you say
I'd like to get to know you but this love keeps getting in
the

way we talk about it
There is no wrong or right
And if this love gets crowded
I'll leave without a fight
'Cause love and its disciples
Are all aboard the train
There is no need for seatbelts
They'll never feel the pain
I need to get between the words and what they mean to
say
I'd like to get to know you but
I'd like to get to know you but
I'd like to know you but this love keeps getting in the
way
