### "Enemy Of The Gospel"

Visit "[Enemy Of The Gospel](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I piss on your Jesus. I shit on your Mary!  
Shed light on the lies that hasve tortured so many  
These are the crosses my ancestors carry.  
So I piss on your Jesus, I shit on your Mary.  
Tow the line, follow me blind  
Let Jesus carry you home.  
Believe in love from our God above  
Or we'll beat you to the bone.  
You label me an enemy of the gospel, but in the end  
You will die, never fly and the earth will live again.  
Corporate Avenger Motherfucker Disfunction  
The gospel chalked full of shit, spit, my enemies, to  
allies, all lies, cut all lies.  
Eyes of the higher, desire my own faith.  
Educate with a brainwash, better watch my mouth if  
you can't hear, fear, I won't live,  
See I'm joined with the mothership others trip  
It don't distract me, where do I stand exactly?  
You're wack if you have to ask me.  
Facts be, Christian wars, no metaphors needed,  
proceeded, treated by treaties,  
Then beat these to an extinct species, so Mary's lyin in  
feces and Jesus in urine,  
And you're in the microscope, clones hope, but never  
will be net ability, mental agility,  
Facility the state Of being, fantasizing the powers that  
be seen, all mc's  
The eyes are on the wall, so everything's on record,  
wreck words, religions select yours, only if it's  
recognized, the ones they don't die  
Choose! Slang, sanctuary, prepare for brain change.  
Warped mind linkage, transmittor jamming recievers,  
send a wavelength of strength full wording.  
Murmuring you should try learning from V. Revertin,  
divertin' each E N E M Y then die, at my will.  
Walking through a minefield of thought mind-filled with  
terms you're terminal.  
Whirlwinds'll instill worlds turning  
We only have two chromosomes, thereomorphic  
beastlike not animal, but still a mammal.  
You labeled me an enemy. You labeled me an enemy

of the gospel, here I am.  
You label me an enemy, I'm proud to be and Indian.  
You labeled me an enemy.
