Am I supposed by now just to let it go?
It's been dark and empty since I don't know
On my way downstairs I had to turn back home
I don't dare leaving the telephone, wait.

I pray the rain, the rain won't fall
Oh lord don't let it fall
Keep my brother safe from harm
I pray the wind, the wind will blow
Oh lord just let it blow
Blow him back into my arms

Your mother called me up, said your car was found
It was parked unlocked, but you weren't around
She was crying saying that there's still hope
I said, yeah for sure, lord, but I felt none

I pray the rain the rain won't fall
Oh lord don't let it fall
Keep my brother safe from harm
I pray the wind the wind will blow
Oh lord just let it blow
Blow him back into my arms

It keeps happening to me, all the time
Without thinking lord, I just find
Myself talking to you, like I've always done
Back to be alone

Last night I heard a sound on my windowpane
I just couldn't go back to sleep again
Still half dreaming I thought that's you
Returning without a clue of what you put me through

I pray the rain the rain won't fall
Oh lord don't let it fall
Keep my brother safe from harm
I pray the wind the wind will blow
Oh lord just let it blow
Blow him back into my arms

[x2]

Where did you go my son you don't know
son, you don't know
Blow him back into my arms
I pray the wind, the wind will blow
Oh lord, just let it blow
Blow him back into my arms

I pray the rain the rain won't fall
Oh lord don't let it fall
Blow him back into my arms
I pray the wind the wind will blow
Oh lord just let it blow
Blow him back into my arms
