If you got a problem
No matter what it might be
Think about it ,Whatever it is,
Don't call the police
Baby, it went down hard on you
You got pictures that proved that it happened
And you're friends who were there claimed they saw it
That's bad
Lately, you've been spending a lot of time
In court trying to prove you've been beaten
Eye to eye to the men you've been mistreated by
That's sad
If you got a problem
No matter what it might be
Think about it ,Whatever it is,
Don't call the police
The word is out in the streets that something ain't right
I'm just reading about it baby
They're repeating they were just following orders
While they're waiting for it all to blow over
And if something just ain't right
Maybe if tonight
You've done something wrong
And you don't want that fight
To go on
If you got a problem
No matter what it might be
Think about it ,Whatever it is,
Don't call the police
