I've been here before  
Too many times, I know  
And time to time it seems  
Got no place else to go

Woa-Oo-o-ohh

I can't believe you're here  
Walking like it's nothing through the door

- I'd never come around if I knew you stayed  
- In this parts of town  
- I just had an hour 'til next appointment, so  
- I thought I would stick around

- Ooh-Oo-o-ohh

- Is this your kind of place?  
- Seems like you've been here for days

We had some good times, girl  
- Oh yeah, but long ago  
Seems like in another world  
- Let's just leave it so  
What if I'm not ready to do that yet?  
- Then just be glad we met

If just for a while,  
-- We'll get  
-- Right back along again

There's always been one of us, girl  
That's blessed with looks  
I can see everybody in here thinking  
Why you'd wanna hang around with me?  
Wondering just what it took

Woa-Oo-o-ohh

Please just sit down for a while  
I'll try to bring back a smile

-- I guess I knew it would be sometime  
-- I would just run into you  
-- And if it's about to be happening, love  
-- I guess it might as well be now

We had some good times, girl  
- Oh yeah, but long ago  
Seems like in another world  
- Let's just leave it so  
What if I'm not ready to do that yet?  
- There's another place where I should be  
There's always another place we should be right, love  
- You know, that's the thing about me  
So why don't I get your number, maybe call you some  
time  
- You've got my number, it's still the same  
I deleted it so I wouldn't call you up late at night  
- Now at least you seem to do some things right  
I told you girl, I've changed, I swear  
- I don't know what I'm still doing here  
Since you are now, why don't you stay for a drink?  
- I guess I could, let me think

If just for a while,  
-- We'll get  
-- Right back along again  
-- Along again
