I get suspicious looks,
Oh when I tell them
- You sure man? Repeat that again
Damn right, she's from heaven

What can I say, it's just so
Why she's choosing me? I don't know
What you gonna do?
What you gonna do now?

And how did I get that idea?
God sent me an angel
A special one made just for me
To protect me from danger

Now what can I say, it's just so
Why she's choosing me? I don't know
What you gonna do?
What you gonna do now?

- That lil' girl of yours tell us where she's from
- How could a girl like that pick you to be the one?
- You know we love you man,
but she's kind of out your league, alright?
My lil' girls straight from heaven

And I keep asking lord will this really last
- Oh, forever or never
And all the guys are dropping dead
When I walk past
- With that girl straight from heaven

Now, what can I say, it's just so
Why she's choosing me? I don't know
What you gonna do?
What you gonna do now?

Oh, It's hard to explain
I can tell that it's on
Don't feel like talking tonight
I just gotta get her right back home

- That lil' girl of yours tell us where she's from
- How could a girl like that pick you to be the one?
- You know we love you man,
but she's kind of out your league, alright? (x2)

I know I told ya'll
No more love songs
But My lil' girls straight from heaven
