No, I'm not doing this to please you Or trying to sound like something you can relate to - Alright? I got my friends right here beside me - Yes, you got it what you need from us? I need a direction, man, won't you guide me - Sure, you need to sing this stuff What if I do then Will I be alright? - Oh yeah Sure Then hold on tight Please guide me, and my family through Stormy Weather When I begin to get caught up in it - Does something come to your mind Yeah I remember who I needed to make it - Just sing it baby you'll be fine What if I do then will I be OK? Oh yeah sure Then I'll pray Please guide me and my family through Stormy Weather And when I'm stoned, right out of my mind I got my friends right there to help me get my feet back on the ground Please guide me and my family through Stormy Weather
