Hey mommy where is my shoes
Hey mommy where is my dream
Hey mommy where is myself

I know all my way.
I was keep on going elite of society.
I know all my way.
I can't understand.

I don't know what I wanna be.
Please somebody tell me what is most important.

I don't know what I wanna be.
Please somebody tell me what is most important.

I wanna keep on keep on going, going go my way.
May be I don't know what to do myself.
I wanna keep on keep on dreaming dreaming
dreaming so good night.
I wanna keep on keep on trying for my life.
