Today is so precious day
Let's dancing come to sunrise
I hope luck will be with you
Dancing party tonight

Let's in the party
Let's in the party
Summer will be here before long
Let's in the party
Let's in the party
I remember when I met you

I could not make out what she was saying
I always think that I wasn't selfish to my mind
I couldn't make out what she was saying because
I was falling love, I had be lose sight of myself

Let's in the party
Let's in the party
Summer will be here before long

I could not make out what she was saying
I always think that I wasn't selfish to my mind
I couldn't make out what she was saying because
I was falling love, I had be lose sight of myself

Looking for my will
Looking for my mind
Looking for myself
Looking for my will
Looking for my mind
Looking for my...

But now I'm all right
Thank you make me growing up everything
I hope luck will be with you always

Looking for my will
Looking for my mind
Looking for myself
Looking for my will
Looking for my mind

Looking for myself

But now I'm all right
Thank you make me growing up everything
I think you must go your way alone
I hope luck will be with you always
Thank you...
