[Missy Elliott]

As we proceed to give you what you need  
As we proceed to give you what you need

[Monica]

Likes the morning dude  
I took one look at you  
And it was play and seek  
You were my destiny

[Rick Ross]

We the big bank boys on the boulevard  
Putting all the pretty girls into pretty cars  
They shall not f\*ck with rose pockets  
Feel the honey shots when I pop it  
I feel for you, vodka, rum on my arm  
20 million teflon don, god bless  
All the D boys on the rest  
With my baby girl on my side, baby, baby

[Monica]

I've been looking for someone special for a long, long  
time  
Someone that I can share my dream, someone I can  
call mine  
And every night I'm wishing, hoping, that he's only  
getting closer  
Cause I, oh I, gonna find you, want to know you

And I just wanna know if someone's out there  
Somebody to hold, somebody who cares  
I'll do anything to find you (I wanna do)  
I won't let you go, no, no  
I'd do anything to find you (I wanna do)  
I won't let you go, no, no

I've been there so many times from the guys in my  
head  
And when I find somebody new, it don't never lasts  
And every night I'm wishing, hoping, that he's only  
getting closer  
Cause I, oh I, gonna find you, want to know you

I just wanna know if someone's out there

Somebody to hold, somebody who cares  
I'll do anything to find you (I wanna do)  
I won't let you go, no, no  
I'd do anything to find you (I wanna do)  
I won't let you go, no, no

[Lil' Kim]

I guess it was cupid  
But we never do the hard, let the blood drip  
Somebody call the doctor cause I'm love sick  
Man, I done had it with this love shit  
I'm done, just cause you make me come, don't mean  
that you're the one  
Most dudes only good for their tongues  
Fucking with the queen bee it ain't safe  
This is leaving a stinging in your face

[Monica]

And I'm tired of being by myself  
I need someone there, to give all of this love that I got  
I'm open, won't you come inside?  
Man, I promise that I will treat you better than right

Gotta know, Is he out there some where, is he out there  
waiting for me, for me

Is he out there some where, is he out there waiting for  
me

I just wanna know if someone's out there  
Somebody to hold, somebody who cares  
I'll do anything to find you (I wanna do)  
I won't let you go, no, no  
I'd do anything to find you (I wanna do)  
I won't let you go, no, no

I just wanna know if someone's out there  
Somebody to hold, somebody who cares  
I'll do anything to find you (I wanna do)  
I won't let you go, no, no  
I'd do anything to find you (I wanna do)  
I won't let you go, no, no
