Ain't no sense whining about it now
I mean we knew what it was
When we became apart of it, feel me
Yeah, it's like

There's something on your mind, I can see
right through you
I know your girl been treating you wrong
But she ain't no good for you, why do you hold it inside
Boy, you should let me know, I just want to make you
right
Be the one you could cry on

Baby, it's like I love my wife
We going through things and I ain't going home tonight
You got time for a nigga or is he still with you
Wanna meet at the same spot or should I come get you

I'll be there in ten, be in the front
I been getting what I need so I'm ma give you what you
want
One on one 'cuz you know how to talk to dog
You walk the dog and understand that New York is hard

You ain't gotta go home tonight
You can stay right here with me
(I ain't goin' nowhere when you wake up)
(I'm gonna be right there)

Don't you worry bout a thing
(I ain't worried about shit)
You're here with me
(Look it's like I love my wife)
(We going through things)
(And I ain't going home tonight alright)

It's kinda strange when you call she is never
home
Now you're there all alone and you deserve so much
more
Baby, I can treat you better than she can
It doesn't make sense to keep on loving and

keep on trusting
When in return all you get is nothing

Damn, you got me fucked up and I'm feeling it more
Never had a mistress distressed before
Come on, ma, like it ain't that deep
Like there ain't no love there, like I don't hate
that I gotta creep

We go to sleep in each others arms
And I feel like this is where I belong
And if loving you is right then I ain't wrong
This is the same ol' song, wife and
family
Gotta be a father and husband but I am still ya man,
baby

You ain't gotta go home tonight
You can stay right here with me
(I ain't goin' nowhere when you wake up)
(I'm gonna be right there)

Don't you worry bout a thing
(I ain't worried about shit)
You're here with me
(Look it's like I love my wife)
(We going through things)
(And I ain't going home tonight, alright)

This situation is getting critical
(Uh huh)
I watch so many tears fall
(Uh huh)
I know she not what you want
So why you keep holding on

When I'm right here
(What)
All you need to do is call
(What)
Don't be afraid 'cuz she won't know it

You ain't gotta go home tonight
You can stay right here with me
(I ain't goin' nowhere when you wake up)
(I'm gonna be right there)

Don't you worry 'bout a thing
(I ain't worried about shit)
You're here with me
(Look, it's like I love my wife)

(We going through things)
(And I ain't going home tonight alright)

You ain't gotta go home tonight
You can stay right here with me
(I ain't goin' nowhere when you wake)
(I'm gonna be right there)

Don't you worry bout a thing
(I ain't worried about shit)
You're here with me
(Look, it's like I love my wife)
We going through things
(And I ain't going home tonight, alright)

Stay with me
