It's just one of dem days, when I wanna be all alone  
It's just one of dem days, when I gotta be all alone  
It's just one of dem days, don't take it personal  
It's just one of dem days, and you think I treat you  
wrong

I wanna take some time out to think things through  
I know it always feels like I'm doing you wrong but I'm  
so in love with you  
So understand that I'm only in love, you're the only one  
I need  
So have no thought that I want to leave, and baby trust  
me please

Just one of dem days, that a girl goes through  
When I'm angry inside, don't want to take it out on to  
you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you  
wrong

Don't take it personal  
Baby, baby, baby, baby, baby

I sit and think about every thing we do  
And I find myself in misery and that ain't cool  
Hey now, I really want to be with you the whole way  
through  
But the way you make me feel inside keeps me  
confused

As I swing back mood to mood it's not because of you  
I never want you to be insecure, so won't you  
understand  
That I'm only in love, you're the only one I need  
I'll be there for you when you need me boy, so baby  
don't you leave

Just one of dem days, that a girl goes through  
When I'm angry inside, don't want to take it out on to  
you  
Just one of dem days, don't take it personal

I just wanna be all alone, and you think I treat you  
wrong

Just one of dem days, that a girl goes through  
When I'm angry inside, I don't want to take it out on you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you  
wrong

Don't take it personal  
Baby, baby, baby, baby, baby  
Don't take it personal, yeah  
Don't take it personal

Just one of dem days, that a girl goes through  
When I'm angry inside, don't want to take it out on you  
Just one of dem days, don't take it personal  
I just wanna be all alone, and you think I treat you  
wrong

Don't take it personal, baby  
Personal baby, personal baby  
Personal baby, personal baby  
Personal baby, personal baby, personal baby
