Can I talk to you for a minute
Inseparable, that's how we were
Through anything you were my world
I gave to you, you shared with me
For I loved you I give anything
I will chill with you, you and your crew
Never complain about the things you do
But I see it now how it all went down
I cant take no more, don't want you around

Never told me about you
Never wishing that I knew
The real you
how could you do these things to me ?
You were hurt so now I see
That you ran a game on me
This cant be
'cause

I aint gonna cry no more 'cause im sick of you hurting
me
I aint gonna cry no more 'cause you don't deserve me
I aint gonna cry no more pack yo stuff up and leave
I aint gonna cry no more 'cause im tired of you me and
she

And I cant believe all the things you did
All the secret trips just to see ya kids
What about the crib that I never been
Cause that's the one that she lived in
Soon you'll see what a man ya not
And ya love affair was only forgot
And you will miss me but I wont miss you
Don't poke at me cause now we're through

Never told me about you
Never wishing that I knew

The real you
you didnt have to do these things u see
You were hurt so now I see
That you ran a game on me

This cant be
'cause

I aint gonna cry no more 'cause im sick of you hurting
me

I aint gonna cry no more 'cause you don't deserve me

I aint gonna cry no more pack yo stuff up and leave

I aint gonna cry no more 'cause im tired of you me and
she

Used to be that you and me were in love

For sure but I was sprung 'cause you lead me on

But now I found how to do with out you

You gotta bounce, im tired

I aint gonna cry no more 'cause im sick of you hurting
me

I aint gonna cry no more 'cause you don't deserve me

I aint gonna cry no more pack yo stuff up and leave

I aint gonna cry no more 'cause im tired of you me and
she

I aint gonna cry no more 'cause im sick of you hurting
me

I aint gonna cry no more 'cause you don't deserve me

I aint gonna cry no more pack yo stuff up and leave

I aint gonna cry no more 'cause im tired of you me and
she

I aint gonna cry no more
