Uh-huh, oh, uh-huh, oh, so so def  
(I've got to have it)  
See this is what it's all about right here  
Understands me, see my life real  
(I've got to have it)  
I don't know about yours  
Everything I do is an event, Nas, Monica, and me  
(I've got to have it)

When it comes to my honeys in the strip club  
Sumpin' on dubs in the middle  
What the block like what?  
Say my name

When you see me with the crispy fade  
Ice it out, glowin' with the lights is out  
Yo, say my name  
When you see a Bentley or Ferrari  
A Maserati, it's probably me  
Say my name

When your hear this song bump in the club  
When you're chillin' on the corner with your thugs  
Say my name  
I make it hot and take your block  
Who they wanna be and hate they not  
Yo, say my name

When your girl don't call you when you beep her  
And you hit it and her thing feel deeper  
Say my name  
Pull on her hair, spankin' her rear  
While I'm in 'em, all I wanna hear is you  
Say my name

Squeeze my, beef is done  
Police come you know the game  
Don't say my name  
Dipped out crazy  
Timbs chicken and gravy  
Q B, Dupri baby

When it comes to the clubs packed  
Cristal flowin'  
(I've got to have it)  
When it comes to homes plushed out  
Chrome stuck out in traffic  
(I've got to have it)

When it comes to a neck full of glow  
And a check full of O's, you know  
(I've got to have it)  
When it comes to my honeys in the strip club  
Sumpin' on dubs in the middle  
What the block like what?  
Say my name

Gotta have my tied up  
Iceberg Gucci Rolley  
Bezzled up, bezzled up  
Gotta have me a double O  
With a six in the front  
And the bump, bump in the trunk

Gotta have me an Escalade  
My house is laid  
A man that keeps my bills paid  
My records play every day  
What can I say?  
I've got to have it

When it comes to the clubs packed  
Cristal flowin'  
(I've got to have it)  
When it comes to homes plushed out  
Chrome stuck out in traffic  
(I've got to have it)

When it comes to a neck full of glow  
And a check full of O's, you know  
(I've got to have it)  
When it comes to my honeys in the strip club  
Sumpin' on dubs in the middle  
What the block like what?  
Say my name

When you see a black do-rag through the tint  
Of a black Bent going too fast  
Say my name  
When you talk about longevity  
And they know how to keep gettin' that cash  
Say my name

When you're sick of your songs sittin' on the right  
And wanna know what the top feels like  
Say my name  
You wanna know what being hot feel like  
And shuttin' down the spot feel like  
Say my name

J D from the home where the bowls get thrown  
And the dough get gone real quick like  
Sick like 40 karats and a chain  
Foolish ain't it?  
Say my name

Everythin' you did, I've done did double  
If you hate to see flash, your ass is in trouble  
Scram now and don't look back  
'Cause until I die it's like that

When it comes to the clubs packed  
Cristal flowin'  
(I've got to have it)  
When it comes to homes pushed out  
Chrome stuck out in traffic  
(I've got to have it)

When it comes to a neck full of glow  
And a check full of O's, you know  
(I've got to have it)  
When it comes to my honeys in the strip club  
Sumpin' on dubs in the middle  
What the block like what?  
Say my name

I've got to have it  
I've got to have it  
I've got to have it
